

MACKEVISION

Internship in 2D and 3D production (m/f)

Mackevision Medien Design GmbH with headquarters in Stuttgart is a creative and a system partner for visual communication. Experts for 3D visualization, animation, post production and visual effects we design and produce high-quality video and film material. We develop independent system solutions for picture generation. Our customers are international creative agencies, film productions and customers in the automotive, architecture and consumer goods industries as well as in science. From data visualization to creative design to the implementation of projects, Mackevision offers all processes of computer-based video and film generation.

Founded in 1994, the company employs more than 130 people at its offices in Stuttgart, Munich, Detroit, Los Angeles and Tokyo.

There are several openings for 6-months-internships in 2D and 3D production in our Stuttgart office
